# **Material Safety Data Sheet**

Date prepared: February 2007

Date revised: September 2014

### 1. Identification of the Substance/Preparation and the Company/Undertaking

Substance or preparation Visqueen High Performance Fully Bonded Vapour Barrier

trade name: Visqueen GR Lap Tape

Visqueen Detailing Strip

Visqueen Self Adhesive Membrane Visqueen GR Self Adhesive Membrane

Company/undertaking Visqueen

name & address: Heanor Gate Industrial Estate

Heanor Derbyshire DE75 7RG

Telephone: +44 (0)333 202 6800 Email: enquiries@visqueen.com

#### 2. Hazards Identification

Most important hazards: The product is not hazardous to health in normal use.

Specific hazards: If burning, melted product adheres to skin and causes burns.

During freezing weather conditions the surface of the membrane may

become slippery to foot traffic.

## 3. Composition

General information: The products consist of a polyethylene facing coated with synthetic

polymer modified bitumen, with or without aluminum foil.

#### 4. First Aid Measures

General advice: First aid procedures apply when the product is subjected to high

temperature e.g. in a fire. In all cases of doubt or when symptoms

persist, obtain medical attention.

Skin/eye contact: Not applicable under normal working conditions. In the event of

contact with molten product e.g. in a fire, immediately cool affected areas and irrigate thoroughly with clean cold water. Do not remove

molten product from the skin. Seek medical attention.

Ingestion: Ingestion unlikely. If significant irritation or discomfort occurs, seek

medical attention.

Inhalation: Not applicable under normal working conditions. In the event of a fire,

remove to fresh air and seek medical attention if necessary.

## 5. Fire Fighting Measures

Suitable extinguishing media: Unsuitable extinguishing media: Use foam, carbon dioxide, dry powder, sand or earth.

Unsuitable extinguishing media: Do NOT use water. Special hazards in fire: Fire will produce si

Fire will produce smoke. Decomposition products may be a hazard to health. Burning can be accompanied by the release of molten flaming

droplets that could ignite adjacent flammable material.

Required special protective equipment for fire-fighters:

In confined spaces, fire-fighters should wear self-contained breathing

apparatus and protective clothing.

# **Material Safety Data Sheet**

Date prepared: February 2007

Date revised: September 2014

#### 6. Accidental Release Measures

Not applicable.

#### 7. Handling and Storage

Handling precautions: Employ safe lifting procedures when handling rolls.

Storage precautions: Store under cover away from sources of heat and ignition.

#### 8. Exposure Controls and Personal Protection

Exposure control: Not applicable

Personal protection equipment -

Foot protection: Where safety shoes when handling rolls.

Hand protection: Wear heavy duty gloves to protect against skin abrasion or cuts. Hygiene measures: Good hygiene measures should be followed at all times.

### 9. Physical and Chemical Properties

Appearance: Sheet material in roll form

Odour: None Water solubility: Insoluble

#### 10. Stability and Reactivity

Conditions to avoid: Stable under normal handling and storage conditions.

Materials to avoid: Strong oxidizing agents. Solvents or solvented products.

Hazardous decomposition

products: Smoke, carbon monoxide, carbon dioxide.

#### 11. Toxicological Information

General information: No known hazard.

#### 12. Ecological Information

General information: The product is not biologically decomposable. It degrades under

prolonged ultraviolet exposure. It is insoluble in water. No

bioaccumulation known. The product is non toxic.

### 13. Disposal Considerations

General information: Dispose of waste material in accordance with national and local

regulations.

#### 14. Transport Information

General information: Not classified for Road, Rail, Sea or Air Transport.

# **Material Safety Data Sheet**

Date prepared: February 2007

Date revised: September 2014

## 15. Regulatory Information

General information: Not classified as dangerous under the Chemicals (Hazard Information

and Packaging for Supply) Regulations.

#### 16. Other Information

The data contained in this Material Safety Data Sheet has been supplied as required by the Chemical (Hazard Identification and Packaging) Regulations 1994, as amended, for the purpose of protecting the health and safety of industrial and commercial users who are deemed capable of understanding and acting on the information provided. Please ensure that it is passed to the appropriate person(s) in your company, who is capable of acting on the information.

This information is given in good faith, being based on the latest knowledge available to Visqueen Building Products. No known relevant information has been omitted from this data sheet and the information provided is designed to enable the user to use the product safely. The user should not assume on the basis of the information provided in this data sheet that the product is suitable for any abnormal use. If the information provided is insufficient to ensure safety in any particular application, contact Visqueen Building Products for further advice before the proposed application is undertaken.
