Concrete column flush with inner blockwork skin.

Zedex CPT DPC Cavity Tray.

Cavity Tray cut either side of column & surface fixed.

Surface fixing detail, see SF-01.

Method of Surface Fixing:
1) Apply Visqueen HP Tanking Primer to column.
2) Apply strip of Zedex 100mm Double-Sided Jointing Tape.
3) Locate top flange of Cavity Tray.
4) Apply Visqueen Fixing Strip.

NB: DO NOT SCALE - USE FIGURED DIMENSIONS ONLY.
