In order to develop a robust design for protecting a structure against groundwater, a Risk Assessment must be carried out in line with the guidance given in BS8102:2009. The Designer may need to specify one or a combination of waterproofing measures. All Visqueen materials must be installed in strict accordance with the manufacturer's instructions. Refer to the current Visqueen datasheets. Do Not Scale - Use Figured Dimensions Only.

**Visqueen Zedex CPT DPC.**

**Visqueen GR DPC (supported across cavity on rigid insulation by others).**

**Visqueen Gas Barrier.**

**Visqueen Double Sided Tape (10m x 50mm).**

**Visqueen Gas Resistant Foil Tape.**

**Visqueen Ultimate Double Sided Tape.**

**Visqueen Surface Fixing Strip System including suitable fixing pins**
