**Standard Detail**

**Visqueen**

Typical Internal Wall Detail - Masonry

- Do Not Scale - Use Figured Dimensions Only.
- Site construction sequencing should be assessed before the appropriate Visqueen Standard Detail is selected & approved by the Designer.
- In order to develop a robust design for protecting a structure against groundwater, a Risk Assessment must be carried out in line with the guidance given in BS8102:2009.
- The Designer may need to specify one or a combination of waterproofing measures.
- All Visqueen materials must be installed in strict accordance with the manufacturer’s instructions. Refer to the current Visqueen datasheets.

**Scale:** NTS

**Date:** Sept. 2019

**Drg No:** SPAN-HP-04
