

## Visqueen Clear Temporary Protective Sheeting (TPS)

### Features and benefits

- Virgin polymers - providing high visual clarity
- Large roll formats - Ideal for draping, screening, covering or hanging
- Barrier properties - provides protection against rain and dust
- LDPE based - Recyclable and reusable
- Multi-use - provides protection for various light duty applications whilst buildings undergo refurbishment or in new build projects
- Manufactured in the UK by Visqueen

### Product description

Visqueen Clear TPS is a high quality clear polyethylene temporary protective sheeting which provides high visual clarity. It is supplied on a core in rolls of 4m x 25m or 4m x 50m.

### Approvals and standards

- Quality Management System ISO 9001:2015
- Occupational Health and Safety System ISO 18001:2007
- Environmental Management System ISO 14001:2015

### Usage

The Visqueen Clear TPS is a polyethylene sheeting that provides effective protection in demanding on site conditions. It is suitable for screening, wrapping large objects and other site construction materials such as bricks, blocks, timber and plasterboards. It's ideal for when the protected product(s) needs to remain visual from beneath the sheeting. It can be used in various other applications whilst buildings undergo refurbishment work, or in new build construction projects whilst also providing protection from rain and dust.

### System components

- VisqueenPro Single Sided Tape, 75mm x 25m

### Find your local stockist

## Visqueen Clear Temporary Protective Sheeting (TPS)

### Storage and handling

Store in a warm, dry and clean environment in its current packaging.

---

### Preparation

Surfaces must be smooth and free from sharp protrusions. Please use PPE where appropriate.

---

### Installation

Unroll the material and cut to fit the area to that needs to be protected. For large coverage areas a tape joint may be required. Allow an overlap of at least 75mm to provide a dust free joint and secure joint using Visqueen PRO Single Sided Tape.

---

### Usable temperature range

It is recommended that Visqueen Clear TPS is used above 5°C

---

### Additional information

The product is recyclable and categorised under LDPE recycling code 4.

### About Visqueen

The Visqueen name has long been recognised as one of the leading manufacturers of high quality advanced membrane technologies and design based solutions by specifiers, distributors, builders merchants and contractors throughout the UK and Europe.

For further guidance on the Visqueen services shown below, please refer to the relevant section of the Visqueen website ([www.visqueen.com](http://www.visqueen.com)) or contact Visqueen Technical Services on +44 (0) 333 202 6800 or [enquiries@visqueen.com](mailto:enquiries@visqueen.com)

### Complete Range, Complete Solution

Structural Waterproofing

Gas Protection

Damp Proof Membrane

Tapes

Damp Proof Course

Stormwater

Vapour Control

### Visqueen Technical Support

Visqueen combine an extensive product portfolio with industry leading levels of service and support which includes guidance over the phone, bespoke CAD drawings to help with complex detailing, electronic NBS specifications and access to a dedicated team of highly knowledgeable and experienced field based Technical Support Managers.

Visqueen Technical Support is available to all our customers including architects, specifiers, distributors, builders merchants, contractors and end users. All of our technical team have been awarded the industry recognised qualification Certificated Surveyor in Structural Waterproofing (CSSW).

### Visqueen CPD Seminars

The Visqueen Continuing Professional Development (CPD) Seminars provide up-to-date information on changes within Building Regulations/Building Standards and nationally recognised industry guidance affecting damp proofing, water vapour control, hazardous ground gas protection and below ground structural waterproofing.

The one hour seminars have been produced for design specialists within the construction sector and are delivered by our team of Technical Support Managers.

### Visqueen PI designs and special projects

From initial design to the completed project, Visqueen are with you every step of the way. Whether it be hazardous ground gas protection and/or below ground waterproofing protection employing barrier, structurally integral or drained systems, Visqueen can offer professional indemnity (PI) insurance for bespoke Visqueen design solutions.

Visqueen Technical Support Managers work with all stakeholders to provide cost effective Visqueen solutions offering complete peace of mind throughout the construction phase and beyond.

### Visqueen Training Academy

Based at our manufacturing facility in Derbyshire, the Visqueen Training Academy is available to support Visqueen customers throughout the UK by providing a wide range of both theory and practical skills related training.

Courses include one day product awareness training for our distributors and builders merchants to help them in their day-to-day jobs, through to intensive three day courses giving detailed hands-on training in the practical skills required for safe and robust product installation.
